

### **What is the Homer-Center Distinguished Alumni Recognition Award?**

The Homer-Center Distinguished Alumni Recognition Award was established in 2016 in celebration of the 50<sup>th</sup> Anniversary of the naming of Homer-Center School District. This award is meant to recognize the exceptional achievements of our more notable graduates. Any Homer-Center graduate of 10 years or more is eligible for nomination. Members are selected, however, based on one or all of the following criteria:

- Demonstrated success and distinction in the graduate's professional field of endeavor.
- Significant contributions to humanity through public or humanitarian service
- Service to Homer-Center Schools and/or their community

These achievements are not only accomplished through career successes, but also through community service and service to others.

### **Areas Evaluated for the Distinguished Alumni Recognition**

This award recognizes and honors outstanding achievements of Homer-Center alumni who are distinguished in three areas:

1. Professional Achievement: Acknowledgement of the impact on their field at the local, regional, state, and/or international levels.
2. Service and Support to the Homer-Center and/or Their Community: The candidate must provide continued service through personal, professional and/or philanthropic engagement. This service and support may also be demonstrated by outstanding professional performance that reflects the excellence of their diploma earned at Homer-Center.
3. Humanitarian Endeavors: Acknowledgement of volunteer service and/or awards conferred by professional organizations and/or academic societies; or service with organizations that contribute to the public good.

## **HOMER-CENTER DISTINGUISHED ALUMNI NOMINATION FORM**

Please complete the requested information to the best of your ability regarding the individual you are nominating for the Homer-Center Distinguished Alumni Recognition. Candidates for the recognition may be nominated by anyone. Your comments and identification of pertinent facts are very important to the selection process.
